

Meder chairman of Easter seals

CANANDAIGUA — Dr. Charles J. Meder, acting president of Community College of the Finger Lakes, Canandaigua, today was named Honorary Chairman of the 1972 Easter Seal Appeal in the Finger Lakes area.

In making the announcement, James Swart, president of the Finger Lakes Society for Crippled Children, commented, "We are pleased that Dr. Meder has joined us in our crusade against crippling diseases. As the father of four young children, he is deeply concerned about the health and happiness of all children."

Donations received during the annual Easter Seal Campaign help support the Rotary Crippled Children's Camp (Camp Onseyawa) on Seneca Lake. Every summer more than 100 handicapped children from the Finger Lakes Counties enjoy a two-week camping experience. Funds from the drive are also used to provide prosthetic equipment to local organizations for use by handicapped individuals.

Plans are also being made to bring the Ithaca College Mobile Audiology Unit

into the four county area this year, to conduct free hearing clinics in a number of communities.

Dr. Meder said that 1972 Easter Seals are being mailed to area residents this week. The seals depict, in whimsical line drawings, handicapped boys and girls in a happy, hand-holding line against a background of strong, eye-catching green. The messages "Easter Seals 1972" and "Fight Crippling" appear on alternate seals.

Dr. Meder also announced the following County Coordinators for the Easter Seal Campaign: Bent Wentworth, Clyde, Wayne and Seneca Counties; Walet Brown, Stanley, Ontario County; and Barry Millman, Penn Yan, Yates County.

According to Dr. Meder, last year almost 27,000 New York State children and adults benefited from Easter Seal supported rehabilitation services. The majority of these were children. More than 3100 people received speech and hearing therapy and Easter Seal "camperships" made it possible for 1819 children to attend special summer

camp. Recreation for the severely disabled, social services, information and referral services were among other programs sponsored. "And through the National Easter Seal Society," Dr. Meder added, "vital research into the causes and prevention of crippling was conducted."

"It is important for area residents to realize that 84 per cent of the funds collected during our annual drive are used for services to the handicapped right here in our four county Finger Lakes area," Dr. Meder stressed.

In his appeal to area residents to support Easter Seals, Dr. Meder said, "Your gift to Easter Seals will help remove the aching loneliness from the lives of crippled children. And it will give them a chance to someday join the world around them as active, useful human beings. Please, when the seals and request for support arrive at your home, give generously to Easter Seals. It's the loving thing to do."

The Easter Seal campaign will end Easter Sunday.

Area News

Interlaken man charged

OID — An Interlaken man was arrested Monday night by a sheriff's deputy and charged under a little-known section of the law. Henry Fuller, 28, of Knight St., Interlaken, was accused of offering a false instrument of filing, second degree, after he had submitted a sworn statement concerning the ownership of a dog.

According to Seneca County Under-sheriff Gerald Brewer, Fuller made a false statement when the dog census was taken and said he no longer had the animal in question.

Arresting officer Deputy Michael Ragan took Fuller before Town of Covert Justice J. Aubrey Smith where he pleaded not guilty. The case has been adjourned until March 20 at 7:30 p.m. Fuller was released in his own recognizance.

Art show

ALBANY, N.Y. (AP) — The State University of New York at Albany will host a one-month exhibition of crafts by 21 leading state craftsmen and a twoday seminar on "Employment of the Craftsman" starting March 17.

The show of works in clay, fiber, glass, metal and wood is the first major craft exhibition to be held at SUNYA's art gallery.

Jewish electors

NEW YORK (AP) — Eight Jewish organizations have urged the state legislature to pass a bill barring Saturday or Sunday elections, charging that they disenfranchise Sabbath-observing Jews.

As an example, the organizations cited the Saturday elections planned for next month for antipoverty corporation boards here.

Board discusses bus, smoking

By LOIS WARNER

MANCHESTER — The first public forum meeting between the Red Jacket school board and representatives from various community organizations, and citizens, was held March 13 at 8 p.m. Only 20 people other than 10 board members and school officials were present.

Board member, Leonard Jackson, was spokesman. He noted that through combined effort he hoped for a better community understanding between the school and taxpayers concerning policy decisions, and that problems should be aired and alternatives offered where possible.

The first order of business was a discussion of the need for a new school bus. Jay Davis, who is in charge of bus transportation, reported that 1,150 pupils a day are transported to and from school. Nine buses are used daily plus three station wagons (two wagons are used on routes and one at school.)

One additional bus with 100,000 miles, which is 10 years old, is used only as a

reserve bus. This is the one which needs to be replaced, particularly since 57 more pupils will be transported next year.

A vote on the bus is scheduled March 27 at 7:30 p.m. in the high school cafeteria. Cost of the new bus is \$11,500 and initial plans called for a three year note at 2.9 per cent interest to pay for it; payments to be met with money gained from taxation.

A question was raised about a bus driver and the group was told it would be necessary to hire another one.

Several other matters were discussed and many questions arose pertaining to spiraling taxes. Some facts given were that teachers have 100 per cent of their retirement plan paid (by state law), they have 100 per cent of health insurance and hospitalization paid (Blue Cross and Blue Shield), and 50 per cent of their social security is paid for them. The retirement plan costs \$12,000 every three months and social security plan \$6,000 every three months.

Non-teaching employees (bus drivers and cafeteria workers) may join the Blue Cross school group insurance plan, but are required to pay 40 per cent toward the cost of a family plan and 50 per cent toward a single plan.

The need for a psychologist was also reviewed, plus additional library books. Also, one outside grounds custodian will need to be hired to replace one who resigned.

Again, the number one problem, student smoking in the school, was taken up. At the present time, students caught smoking are subject to suspension from school for five days and can return to school one day and if apprehended again, can be expelled for another five days.

No suspensions are made without notice to parents, however, and in such case, they have the right to a hearing with the school board. One solution to

help curb smoking in recesses and tried by other schools, is about to be instigated at Red Jacket.

There will be another meeting between the school board and community residents next month and it is hoped more people will attend. The date and time will be given later.

Bellona church notes

The next union Lenten service in a series sponsored by the Seneca Rural Council of Churches, is scheduled for Sunday, March 19, at the United Methodist Church in Rushville, and will concern the subject "I Thirst," the theme of this series concerns "The Words From the Cross." This service begins at 7:30 p.m. All are welcome to attend. A coffee hour will follow the close of this service.

Members of the Bellona Church are asked to be sure that their name is on the "One Great Hour of Sharing" offering envelopes, when they are turned in. Otherwise there is no way of giving the proper credit to the person who donated it.

There was no Youth Group held the past Sunday evening, due to the Lenten service.

Donations may be placed in the box at the Bellona Church for the "Lenten Flood Drive," to replenish the supply of staple food items, as well as toilet articles needed for the House of Concern, in Penn Yan.

GET READY FOR NEW YORK'S 1st BONUS DRAWING!

New York's 50¢ lottery has been one big, beautiful success every week since it started. Result: The Bonus Fund that's been building up is nice and fat—and ready for sharing!

Check your tickets

Here are the drawings held so far that will be covered by the Bonus Drawing, along with the winning 2-digit Bonus Chance number for each. If you have any of these lucky numbers as the last 2 digits on your ticket, with the corresponding drawing date, you are automatically in the Bonus Drawing.

Drawing Date	2-Digit Bonus Chance Number
January 20	XXXX77
January 27	XXXX33
February 3	XXXX76
February 10	XXXX12
February 17	XXXX39
February 24	XXXX90
March 2	XXXX39
March 9	
March 16	

Check your local newspaper or sales agent

The excitement starts March 23

The Bonus Drawing will be held in 2 stages. First stage, held March 23, is the Preliminary Drawing. It will determine who goes on to the Final Drawing. The Final Drawing will be held on April 13. See your local newspaper for details as to time and place. You're invited to the fun. You don't have to be at these drawings to win, but it would be a pleasure to see you there!

Here's how the preliminary drawing works

A 3-digit number (000 to 999) is selected at random (example: 123). If this number exactly matches the first 3 digits (see arrow)

For winning numbers see any Lottery ticket vendor or your local newspaper. If you are a cash prize winner, take your ticket to any New York State Lottery ticket office: 1134 Granite Bldg., 130 East Main St., Rochester, N.Y.

of your Bonus Chance lottery ticket number, shout with joy! You are a finalist and are eligible for the Final Bonus action.

If only the first 2 digits are the same (example: 12) as the first 2 digits of your ticket, you do not go on to the finals. Instead, you become an "instant winner" of a "Pool" Prize.

You can collect your "Pool" prize money starting the very next day after the Preliminary Drawing, and anytime within one year of that date, at any New York State Lottery Office.*

Where do you find out about the 3-digit bonus number?

The 3-digit number picked at the Preliminary Drawing will appear in newspapers and will be posted by Lottery sales agents.

This way, please, to the final drawing

As we said, if you are a holder of a 3-digit Finalist ticket, you are eligible for the Final Drawing. But, we have to have your name and address for you to be included in this Final Drawing. So, we must ask that you present your ticket and register at any New York State Lottery Office within 18 days after the Preliminary Drawing. In other words, the last day to register is Monday, April 10th.

Finalists who do not register cannot be included in the Final Drawing but are entitled to collect a "Pool" prize — available to them at any New York State Lottery Office for a period of one year from the drawing date.

Here's how the final drawing works

On the day of the Final Drawing, Thursday, April 13th, names of all registered finalists are placed in a drum. The first 8 names drawn at random share in the "Grand Tier" prize money. The "Grand Tier" is made up of one First Prize, one Second Prize, and six Third Prizes.

All other finalists (names in the drum but not drawn) win a "Consolation" Prize.

How much money can you win?

We can't tell you at this time because the results of the March 16, weekly drawing aren't in yet. Exact Bonus Prize

amounts will be announced on March 16th and 17th. But, in the meantime, we think you'll be interested in knowing how the prize amounts are figured.

The winner of the First Grand Tier Prize gets 15% of the total Bonus Fund. The Second Grand Tier Prize winner gets 5% of the Bonus Fund. Each of the Third Prize winners in the Grand Tier gets 1% of the fund. Winners of Consolation Prizes share equally in 20% of the fund. And Pool Prize winners share equally in 54% of the Bonus Fund. All told, a lot of greenbacks for a lot of winners.

Just as a guide (based, modestly on the sale of 18,000,000 tickets), here's a look at the least you can expect to win:

First Grand Tier Prize	\$40,500
Second Grand Tier Prize	\$13,500
Third Grand Tier Prize	\$ 2,700
Consolation Prize	\$ 350
Pool Prize	\$ 100

How do you get your money?

Since we have your name and address, you don't have to do anything but smile. The full amount you win in the Final Drawing will be sent promptly to you from Albany.

Other bonus drawings coming up!

Tickets you buy now can include you in the very next one! Or, of course, you can end up winning \$50, \$500, \$5,000 or \$50,000 in the Weekly Drawings.

Remember, each Wednesday a new Lottery starts. Each Thursday a drawing is held. And each Friday is payday. All it takes is 50¢ to play.
